Keep Your Home Ever Beautiful .. with **EVERGREENS**

DESCRIPTIONS

PLANTING AND CARE

American Arborvitae. Also called White Cedar. Excellent for hedges and windbreaks. Dark green foliage. May be pruned back to any desired height. Prefers moist soil.

Balsam Fir. Symmetrical, fragrant. Flat blue-green needles. Prefers medium to heavy soil and will thrive in shade.

Concolor Fir. Blue-green needles. Pyramidal growth. Needs moist soil.

Douglas Fir. Soft dark green to gray-blue needles. Rapid grower. Medium soil.

Fraser Fir. Shining dark green leaves with white bands underneath. Grows to about 70 feet. Medium to moist soil.

Japanese Larch. Pyramidal shaped tree having soft feathery foliage. Deciduous. Grows in low or damp ground.

European Larch. Bright green feather foliage. Deciduous. Prefers moist soil. Slender, pyramidal form. Very fast growing.

Austrian Pine. Rich, deep green colored foliage, needles four to five inches long. Prefers a rich, light loam with a well drained subsoil. Particularly good for city planting, and does well also in seashore plantings.

Jack Pine. Fast growing. Bright warm yellow green foliage. Needles the shortest of any variety in the Pine family. Excellent for planting in barren sand.

Mugho Pine. Dwarf, slow growing. Hardy everywhere except in wet soil.

Red Pine. Dense foliage, beautiful, long deep-green needles. Rapid growing. Will thrive in dry soil. Requires sunlight.

Scotch Pine. Rapid growing and very ornamental. Light gray-green foliage. Will grow in poor soil and adverse conditions. Good for screens where quick growth is desired.

White Pine. The beautiful five-leaved pine of native North-eastern United States. Rapid grower. Prefers light sandy soil. Spreading limbs, but easily adapted to windbreaks and screens.

Colorado Blue Spruce. Ranges in shade from slightly blue-green to marvelous blue. The handsome ungrafted, short-leaved tree, native of Colorado. Grows in any soil. Prefers sunlight.

Engelmann Spruce. Leaves blue-green to steel-blue. Flowers purple. Fully as beautiful as the Colorado Blue Spruce but not as widely known. Good moist soil.

Norway Spruce. Graceful, symmetrical tree of rapid growth. Pendulous branches, dark green foliage. Makes excellent hedges and windbreaks. Will stand clipping and pruning. Prefers heavy soil and will grow in partial shade.

Red Spruce. Not unlike white spruce as to shape and size of branches, but reddish-green bark and dark green foliage. Slower growing than Norway Spruce. Makes good hedges.

White Spruce. Upright and symmetrical, light silvery-green foliage. Makes good hedges and windbreaks. Will stand clipping and pruning. Prefers heavy soil and will grow in partial shade.

To plant these small trees, use a trowel or shovel and make a hole large enough to accommodate the roots when they are well spread out. Put a little water in the hole, pack the earth around the roots, keeping them well spread. When the hole is filled, pack the earth down firmly so that no air can get to the roots to dry them out. Be very careful between the time you receive the trees and the time you plant them not to let the roots dry out. Dry roots are always fatal to an evergreen. If you are planting the trees in your garden to let them grow a few years before putting them in their permanent locations, keep them about a foot apart. If you are not ready to put them in their permanent location at the end of two years, be sure to transplant them again, placing them two feet apart.

FREE TROWEL

The first 1000 orders of \$2 or more will receive **FREE** this small trowel suitable for planting baby evergreens.

Special Introductory Offer

Special Offers

10 Colorado Blue Spruce

Four years old, transplanted trees, 3 to 6 inches tall. Grown from seed collected from Blue trees in Colorado. The most popular of all ornamental evergreens.

POSTPAID for 10 Trees . . \$1.00

SPECIAL OFFER No. 1

All three and four years old, transplanted trees, 4 to 10 inches tall. 10 each of the following five varieties.

White Spruce, Scotch Pine, Austrian Pine, Engelmann Spruce, Norway Spruce

ALL 50 TREES, POSTPAID, \$3.00 or
25 TREES, POSTPAID, \$1.75

OUR GUARANTEE

Every tree sold by us from this price list that does not live will be replaced absolutely free of charge if we are notified of the number of dead trees previous to October 1, 1939. Notice of the loss of trees received by us after this date does not entitle you to replacements.

No varieties of sizes of trees sold by us and not listed in this price list are guaranteed to live. Shipments of replacements will be made at the proper time for planting either the spring or fall of 1939.

We do our part. YOU must do yours to make trees live. Get them promptly from the express company or Post Office. Unpack and plant immediately, AND MOST IMPORTANT, do not let roots dry out at any time.

See
paragraph
below

If you order both of the above \$5.00 special offers (total \$10.00) we will include five 12 to 18 inch White Pine and five 12 to 18 inch Fraser Fir. Special offers No. 2 and No. 3 contain trees larger than we previously have been able to offer. The average shipping weight of each offer is approx. 17 lbs. Shipment of these special offers will be made only by express collect or parcel post C.O.D. for the postage. The trees are guaranteed. Shipment to replace those that die will be made C.O.D. for the postage.

Positively no changes will be made in the Special Offers. Please do not ask us to substitute one variety for another.

Unsolicited Letters From Customers

"The trees I ordered last year are growing nicely and I'm very proud of the ones you sent three years ago."

M. A. C., Selkirk, New York.

"I wish to tell you at this time that nine of the ten Blue Spruce Seedlings I got from you last year lived and are little beauties now. I'm so proud of them and gotten so much enjoyment that I wish to order more at this time."

L. W. L., East Moline, Illinois.

"I received the Engelmann Spruce and Douglas Fir trees yesterday and have them planted. I want to thank you for the pine trees and also for replacing the spruce trees I lost last season. It was certainly very nice of you."

"I am a great admirer of evergreens and your trees are certainly little beauties."

W. H. M., Clinton, New York.

"Received my trees and shrubs in excellent condition, and am very pleased with them. Will send for more in future."

F. G., Port Huron, Michigan.

"Received the trees April 22nd and we were real pleased with them."

H. R. S., Bradford, Pennsylvania.

"All the trees I bought of you a few years ago lived and are beautiful today. Your stock can't be beat for quality and healthy stock."

E. B. W., Camden, New Jersey.

"Ordered trees of you five years ago. Wish I had ordered more at the time. They are beauties now."

F. A., Caribou, Maine.

"Trees arrived in fine condition. I was very much pleased."

J. S. L., Bradford, Pennsylvania.

"I thank you very much for the six replacements you forwarded me. They were really not expected. I had stated in my previous letter that I considered my percentage of living trees as excellent. It certainly is a pleasure to do business with you."

F. L. McK., Bloomingburg, New York.

*White Pine may be shipped into all states (and the District of Columbia) except Arizona, California, Colorado, Nevada, New Mexico, Utah, Wyoming, North Carolina, South Carolina, Georgia, Tennessee, and Kentucky.

Because of the excessive cost of packing small orders, no order will be accepted for less than five trees, and no order for less than one dollar value. All orders must be in multiples of five trees of a kind.

All prices on this page are F.O.B. Fryeburg, Maine, cash with order or orders will be shipped C.O.D. providing payment of one-half the amount accompanies the order. Shipping weights: (Approx.) 3 and 4 year, once transplanted, average 10 lbs. per 100 trees; 5 year, twice transplanted trees average 30 lbs. per 100 trees; 6 year, twice transplanted trees, average 35 to 50 lbs. per 100 trees.

Unsolicited Letters From Customers

"I received your 500 trees in perfect condition and I cannot tell you how pleased I was when I unpacked these little fellows. It was more than I ever expected. I am very sorry that I did not order all my spring stock from you. In the future you will have a customer who will always recommend you."

W. R., Chicago, Illinois.

"Four or five years ago, I purchased several hundred of your trees and must say in spite of the drought, we have had some of the most beautiful trees in this neighborhood."

J. A. V., Wheeling, West Virginia.

"Received your shipment of special evergreen collection two weeks ago, and planted same day. I want to say that they were the best seedlings I ever saw, and that I am more than satisfied. I shall recommend them to any one."

L. E. B., Detroit, Michigan.

"I am in the market again for evergreens and would like to deal with you people because of the wonderful success I have had with the evergreens you sent me before. So would you please send me your wholesale price list."

W. D., St. Louis, Missouri.

"This spring I purchased a group of sixty evergreen seedlings from you. I want to advise you that all of these seedlings came through in excellent shape, and I am more than pleased with my 'evergreen garden'."

N. O. D., Brecksville, Ohio.

"About seven years ago I bought 100 evergreen seedlings from you. Every one grew, some are 10 to 12 feet high. You sure do ship them in nice shape as they looked as if they were pulled the same day."

G. W. T., Lombard, Illinois.

"The package of evergreens arrived and I want to congratulate you as they are certainly fine, strong, healthy plants. Many thanks."

E. D. L., Baltimore, Maryland.

"This is to advise you that the trees which you sent me on May 11 arrived in very good condition, and were some of the nicest trees I have received from any nursery this spring. I shall remember you in the future."

A. F. V., Red Wing, Minnesota.

FRYEBURG · MAINE

Dear Friend:

You can actually save money and have a lot of fun growing your own ornamental trees. There is nothing complicated or difficult about it. Just order your trees. When they come, follow the simple directions for planting.

No special care, equipment, or knowledge is necessary. Keep the weeds away and give the trees a little water when they need it and watch them grow.

A fifteen or twenty cent tree will grow two or three feet tall and increase in value to several dollars in three years.

Many of our customers make a profit selling trees to their friends. Others give them away, but they have fun watching them grow.

You will enjoy it too. Make up your order now. You will be more than pleased with the trees when you receive them.

Sincerely yours

T. C. Eastman

P. S. In most soils, fall planting gives your trees an early start. They get settled during winter and begin to grow as soon as the snow is off. We do not recommend fall planting on very wet or clay soil.
